

Laboratory Medicine in the Era of Disruptive Technology

LMCE 2017 & KSLM 58th Annual Meeting

October 18-20, 2017
Grand Walkerhill Seoul, Korea
www.lmce-kslm.org

Biometrix Technology Inc.

Product Highlights

9G testTM *ultra-sensitive* Troponin T (Display)

- Cardiac troponins are regulatory proteins within the myocardium that are released into the circulation when damage to the myocyte has occurred. (Melissa et al., VHRM. 2010)
- Cardiac troponin T (cTnT) is the preferred marker. If available, it should be measured in all patients who present with chest discomfort. (ACCF/AHA Practice Guideline 2012)
- 99% of healthy people show under 15 pg/ml of cTnT. (Ann Clin Biochem. 2010)
- BMT 9G testTM *ultra-sensitive* Troponin T test is only the way to precisely detect cTnT 1 – 120 pg/ml range.
