## NanoEnTek

### Product Highlights

### FREND System (Display)

The FREND System is a lab-on-a-chip technology-based rapid quantitative immunoassay analyzer which utilizes disposable test cartridges for measuring 11 items (Vitamin D, TSH, Free T4, Total T3, Thyroid duo, PSA, Testosterone, Cardiac Triple, Troponin I, BNP, PCT). This fast, accurate and easy-to-use analyzer provides users with accurate results at an affordable price. FREND System will become an ideal solution for physician office due to its excellent precision and speed. The Vitamin D, TSH, PSA Plus, Testosterone and Free T4 Cartridge, cleared by FDA, obviously reduces a reaction time utilizing the membrane free technology and assist users in getting the fast and accurate test measurement.
